

AI Singapore (AISG) is a national AI programme launched by the National Research Foundation (NRF) to anchor **deep national capabilities** in Artificial Intelligence (AI) thereby creating **social and economic impacts**, grow the **local talent**, build an **AI ecosystem**, and put Singapore on the world map.

The programme office brings together all Singapore-based research institutions¹ and the vibrant ecosystem of AI start-ups and companies developing AI products to perform use-inspired research, grow the knowledge, create the tools, and develop the talent to power Singapore’s AI efforts.

AISG is driven by a government-wide partnership comprising NRF, the Smart Nation and Digital Government Office (SNDGO), the Economic Development Board (EDB), the Infocomm Media Development Authority (IMDA), SGInnovate, and the Integrated Health Information Systems (IHIS).
